IMPORTANT INFORMATION - PLEASE READ

- Exhibitors and their contractors must comply with the Electricity at Work Regulations, the IEE Wiring Regulations, the EVA Electrical Regulations and the venue's electrical regulations.
 - ALL sockets on stands will be UK style electrical outlets. Exhibitors requiring Swiss/European/US adaptors or step-down voltage converters must supply their own or order on this form.
 - If not indicated on the grid below, installations will be fitted at the electrician's discretion.
 - Clients' lights/tracks must be installed by the owner/agent. The connection of the fitting/track to the electrical supply will be made by the official contractor.
 - No allowance is made for maintenance to clients' own electrical fittings during the event.
 - No responsibility can be accepted for exhibitors' own electrical items.
-

Using the grid below, please outline your stand and indicate the position of the electrical installation(s) you require (1 box = 1 square metre)
